About Shuker

One team. Every trade. One accountable partner. Shuker is a Shropshire-based building and development contractor of over 60 people, delivering everything from small reactive repairs and maintenance to large construction projects. All trades are delivered in-house — including gas and electrical work by our own operatives — giving clients a single point of accountability.

Commercial refurbishment | Education | Community & health | Local authority & public sector | Residential conversions & extensions | Reactive repairs & maintenance | Fire safety improvements | Adaptations
